# Following a family memory

Explore a day that someone in your family remembers.

## Which memory are we exploring?

## Our question 1

What we remember

## Our question 2

What we remember

## Our question 3

What we remember

### Try it together

1. Choose a memory with a family member who wants to share it.
2. Prepare three open questions and take brief notes or draw.
3. Use your notes to tell a short story and read it back to the person.

Keep the notes with you; ask the person before sharing.
